upgrade your kitchen....

PRODUCT CATALOG '18

about us...

'KONVEX' is a trusted & accepted brand in Kitchenware market, which is engaged in manufacturing and supplying a wide range of excellent quality Kitchenware Products. The offered range of products is precisely crafted with the best quality raw material such as high graded plastic, food graded plastic, standard grade stainless steel, ABS plastic and brass, which is obtained by the most trusted brand and certified professionals of the market. Our experienced professionals have manufactured these products in accordance with the international quality standards. These products are highly appreciated among the clients for their remarkable quality attributes such as

- Finest finishing.
 - Sturdy construction.
 - Easy and 100% useful.
 - Functionally long life.
 - Attractive packing design.
- Affordable prices.
 - Client- oriented approaches.
 - Ability to meet bulk demands.
 - Timely delivery of consignments.
 - Flexible monetary transaction mode.

Customers can avail these products from us at highly affordable prices. In order to carry out all the business activities with ease, we have developed a modernized infrastructure facility. Our sound facility, which spreads over a large area, is segregated into various divisions. These divisions are manufacturing, quality controlling, administrative, packaging, logistic & warehousing. Our R & D department is specially for modern and innovative new product development. With changing of time we also apply the modification in our running product. Holding their specific responsibilities, these units are well-equipped with the latest machinery, tools and advance technology. Further, to handle these departments efficiently, we have appointed a team...

we are offering these products in various designs, shapes, sizes and other specifications. Owing to the premium quality of offered products, we have mustered a huge clients all across Indian Subcontinent. Following are the other factors that have helped us in gaining the trust of our prestigious customers:

We believe in continuous process of "be a upgrade"....
